

GAMBLING REGULATORY AUTHORITY

PRESS COMMUNIQUE

POSITIVE SAMPLE FROM HORSE BON BOYAGE

1. In accordance with usual post-race sampling procedures the Stewards ordered a selection of runners other than winners to be sampled during the Race Meeting 9 of Saturday 25 October 2025.
2. Following analysis, the Stipendiary Stewards have been apprised that, Phenylbutazone and Oxyphenbutazone (an anti-inflammatory drug), was detected in post-race blood and urine samples of one runner.
3. The sample was identified, in accordance with established protocols, as that of horse **Bon Boyage**, runner no. 6 in Race 8, The Duraco Solar Ltd Cup.
4. Pursuant to Rule 69.9 of the Rules of Racing, Trainer C. Hewitson of Paul Foo Kune Stable was informed of the Findings.
5. Pursuant to Rule 69.10 of the Rules of Racing, Trainer Hewitson has 72 hours to inform the Stipendiary Stewards whether he wishes to have the B Sample despatched to a Confirmatory Laboratory for analysis.
6. An inquiry into this matter will follow at a date and time to be determined.

The Board of Stipendiary Stewards
