Evidence was taken from Jockey Chaves, Trainer Nagadoo, Jockey Corrales and Trainer Daby. It was established that from approaching the 250m, **Bacchus** was hanging inwards. Thereafter, passing the 100m, **Gimmeanotherchance** commenced to shift ground outwards, which resulted in Jockey Corrales, rider of **Spelling Bee**, having to correct his mount. **Bacchus**, which was following and still hanging inwards, was switched out to continue going forward. RACE 7: THE ECOFLOW SOLAR POWER TROPHY – 1365M – [0-26]

Prior to the running of this race, Jockey Van Niekerk was stood down by the Course Medical Officer, dehydration. The Stipendiary Stewards approved Jockey Sonaram as the replacement rider for **Symbolic Gesture**.

Following the running of this race, the Stipendiary Stewards sounded the inquiry siren and reviewed video footage of the start of the race. It was established that just prior to the start, **Le Turbo** charged the front gate of its stall, resulting in **Symbolic Gesture** in the adjacent stall becoming fractious, with the handler assisting it. As the start was effected, the handler still had a hold of the horse's head, impeding the horse. As such, the Stipendiary Stewards declared **Symbolic Gesture** a non-runner in terms of Rule 393 (b). All bets on **Symbolic Gesture** ordered to be refunded, a deduction of 2 cents per rupee were applied on winning bets and the correct weight was declared on the Judges' Semaphored numbers.

Cider House Rules – Raced wide in the early and middle stages.

Jet Blackfire – Leaving the 300m, was contacted by **Fire Starter**, which had shifted ground inwards slightly and became momentarily unbalanced.

Le Turbo – Raced wide in the early stages.

Senor Resfrio – Leaving the 1200m, commenced to race fiercely. Came off the crossing at the 1000m awkwardly. When questioned, Jockey Orffer explained that this gelding is essentially a pure sprinter, having raced exclusively over 1000 metres in South Africa, and that this was its first race in Mauritius. He added that the gelding had shown good pace during trackwork and, as a result, he had been instructed to ensure that it jumped well, race with the leaders and, if possible, obtain cover. Jockey Orffer further stated that after jumping well, he found himself racing on the outside of the leader passing the 1300-metre mark. He added that **Senor Resfrio** commenced to race fiercely when **Le Turbo** improved on its outside and that the gelding threw its head when he attempted to settle it. He further explained that, from leaving the 1200 metres, **Senor Resfrio** felt uncomfortable around the turn, constantly changing stride and shifting ground outwards. Thereafter leaving the 1000 metres, **Senor Resfrio** had improved to race alongside the leader. Jockey Orffer added at that stage, he considered allowing his mount to stride forward and take the lead, as **Jet Blackfire** appeared to be under a tight hold, while Jockey Ramsamy (**Fire Starter**), who was following, was calling out that he could not hold his mount. However, he stated that, as soon as **Senor Resfrio** improved within a neck of **Jet Blackfire**, the latter picked up the bit and improved. He therefore decided to restrain his mount and remained racing on the outside of the leader until leaving the 600 metres, where **Senor Resfrio** commenced to give ground. Jockey Orffer concluded by stating that, in his opinion, at this stage of its career, **Senor Resfrio** would be better suited to racing over 990 metres in Mauritius.

Symbolic Gesture – Slow to begin, losing considerable ground at the start.

World Champion – Jumped awkwardly, shifted ground inwards and was slow to begin.

Fire Starter – Slow to begin. Over-raced in the middle stages and leaving the 600m, was switched to the outside of **Senor Resfrio** and raced wide from then onwards. Leaving the 300m, momentarily shifted ground inwards, made contact with **Jet Blackfire**, which shifted ground inwards and became momentarily unbalanced.
